

Wide-beam: X-ray generators

Feature

1. Line-inspection
2. Heavy luggage inspection
3. CT inspection and etc.

Wide-beam: X-ray generators

TRIX-100W	30~100kV 1.0~3.5mA
TRIX-150W	30~150kV
Large focus: 1.0~2.4mA	Small focus: 0.5~1.4mA

Irradiation angle of 45 degree with high output, stability and frequency inverter typed X-ray generator.

kV and mA are configurable externally.
